EDUCATION

MVJ College Of Engineering , Bangalore

2022 – 2026

B.Tech - Computer Science and Engineering - CGPA - 9

Bangalore, Karnataka

TECHNICAL SKILLS

- Languages:Python,Java,C,C++.
- Ai Tools:Perplexity,Claude,ChatGPT,Leonardo ai,Runway mL,Lovable,Gemini,n8n.
- Developer Tools: MySQL, Eclipse, Power BI, Tableau, VS Code, Canva.

EXPERIENCE

Intern at Small Fare

March 2025 - October 2025

Role - Prompt Engineer

Bangalore,Karnataka

- Designed and tested AI prompts to optimize language model outputs.
- Collaborated with product teams to integrate prompt engineering into AI workflows.
- Documented prompt strategies to enhance reusability and consistency.

Intern at Small Fare

August 2025 - October 2025

Role -Creative Team Lead

Bangalore,Karnataka

- Led the creative team in developing and executing innovative concepts and campaigns.
- Managed end-to-end creative projects, ensuring timely delivery and brand consistency.
- Collaborated with cross-functional teams to translate ideas into impactful visuals and content.

PROJECTS

Next-Gen Canteen with supabase and Vite | Supabase,Git.

June 2025

- Developed a responsive, user-friendly front-end interface for a university-level canteen automation platform using AI-assisted design tools
- Integrated Supabase for secure user authentication and seamless data handling.
- Added AI recommendations based on purchase history.Reduced order time and human contact in canteens.

Tomato Ripeness Detection | Python, YOLO, PIL, shutil, torch, os.

2024

- A Real-time tomato ripeness detection using AI leverages computer vision and deep learning to analyse colour, texture, and shape for accurate maturity classification.
- This technology enables automated, efficient, and consistent sorting during harvesting or packaging.

Bank Management System (Software Development) | Python, Tkinter, MySQL

2023

- Developed a comprehensive Software based Bank management system for streamlining User records, financial management by providing a unified view of their banking activities.
- It enhances user convenience and simplifies financial tracking.

CERTIFICATIONS

- Google Prompting Essentials – August 2025
- LetsUpgrade GenAI Workshop – July 2025
- COLUMBIA+,Prompt Engineering Programming with OpenAI - August 2025

EXTRACURRICULAR

- Participated in hackathons showcasing teamwork, problem-solving, agile development, and rapid prototyping.
- AI Research and Development: Passionate about exploring AI applications in real-world systems.
- Photography: Enjoy capturing moments through photography, exploring creative angles and compositions.
